PROFESSIONAL SUMMARY

Results-driven Full Stack Developer with 6+ years of experience in SaaS application development, specializing in Angular, Node.js, and NestJS. Strong expertise in building scalable web applications and cloud-based solutions. Proven ability to lead engineering teams, optimize performance, and deliver customer-centric solutions. Adept at Agile methodologies, CI/CD implementation, and full-stack development, ensuring seamless user experiences and business impact.

TECHNICAL SKILLS

- **Frontend:** Angular, React.js, Next.js
- **Backend:** Node.js, Nest.js, Express.js
- **Database:** MongoDB, AWS DynamoDB
- **Languages:** TypeScript, JavaScript, HTML, CSS, Python
- **Cloud & DevOps:** AWS, GCP
- **Tools & Version Control:** Git, Docker, Postman, Jira, CI/CD Pipelines

PROFESSIONAL EXPERIENCE

Penny Software
Lead Engineer | Jan 2024 – Present

- Led product development, defining technical strategy and roadmap for the SaaS platform.
- Architected scalable frontend and backend systems using Angular, NestJS, and MongoDB for high-performance applications.
- Implemented role-based access control (RBAC) and optimized security measures for multi-tenant environments.
- Mentored and guided engineers, fostering a high-performance development culture.

Product Specialist | Apr 2022 – Dec 2023

- Managed critical feature development, aligning technical execution with business objectives.
- Led cross-functional collaboration between engineering, QA, DevOps, and business teams.
- Owned the customer requirement analysis and end-to-end product lifecycle from ideation to deployment.

- Improved system performance by optimizing database queries and enhancing API efficiency.

Full Stack Developer | Jun 2020 – Mar 2022

- Developed, maintained, and enhanced SaaS features across the full tech stack.
- Designed responsive UI components using Angular and optimized frontend performance.

Manaraah
Senior Full Stack Developer | Jan 2020 – Jun 2020

- Led end-to-end development of business applications, integrating scalable solutions.
- Collaborated with clients and business teams to translate requirements into technical solutions.

WeCP (We Create Problems)
Software Development Engineer | Jan 2019 – Jan 2020

- Built and maintained SaaS-based assessment platforms, improving developer hiring workflows.
- Led technical mentorship programs, training and guiding junior developers.

Reubro International
Junior Programmer | Aug 2018 – Jan 2019

- Developed and maintained flagship SaaS products, contributing to core application improvements.

EDUCATION
National Institute of Technology Calicut (2014 – 2018)

- **Bachelor of Technology (B.Tech.),** in Electronics & Communication Engineering

Indian School Darsait

- **Class XII (PCM + CS)** | 2012 – 2014
- **Class X** | 2010 – 2012

ADDITIONAL DETAILS
- **Preferred Stack:** Angular + NestJS + MongoDB
- **Open to:** Full Stack / Senior Software Engineer / Lead Engineer roles
- **Location Preference:** Remote / Hybrid
